New Acquisitions and News

Summer 2006 (First post-Katrina issue)

Update on Library Services

Although the collection is in storage, the dental library has myriad resources and services to offer dental faculty, students, and staff. Dental librarians Julie Schiavo and Liz Strother work in the South Campus library office, now in Building 3005, Room 104, three days per week, normally Monday, Tuesday, and Thursday. When not in Baton Rouge, you can reach us at the Isché Health Sciences Center Library by phone or email. Among the services we offer are database searching, document delivery, reference service, and assistance with library patron registration and barcodes.

Contact us in New Orleans:

Julie Schiavo, jschia@lsuhsc.edu, 504-568-6104

Liz Strother, estrot@lsuhsc.edu, 504-568-7698

Most of the books that were checked out to patrons when Katrina hit have been returned and are now available for circulation in the office on South Campus. In addition, the library is beginning to purchase [new titles](#), which are also shelved in Room 104. The usual circulation rules apply, so except for books on reserve, all titles can be checked out for two weeks. Cataloged books in the South Campus collection are listed in [Innopac](#) with the location "Dental Library Office-BR." Requests for new purchases are welcomed!

Most journal issues from 2005 and 2006 are now shelved at the Isché Health Sciences Center Library in New Orleans. The LSUHSC-NO libraries subscribe to a large number of dental and medical journals online, so dental faculty, staff, and students can read or print articles in PDF format from any location. Because South Campus is not on the LSUHSC network, all access from the dental school is "off campus" or remote, requiring a library barcode. See the article on [remote access](#) for further details.

E-Dental Books in Stat!Ref

Stat!Ref, an online database of medical reference books, also has a module of dental textbooks. The following 17 electronic dental titles are currently in Stat!Ref:

Goldstein, Esthetics in Dentistry. 2 vols, 1998, 2002
Greenberg, Burket's Oral Medicine Diagnosis and Treatment. 10th ed. 2003
Hall, Critical Decisions in Periodontology. 4th ed. 2003
Harris, Primary Preventive Dentistry. 6th ed. 2004.
Ingle, Endodontics. 5th ed. 2002
Kidd, Pickard's Manual of Operative Dentistry. 8th ed. 2003
Laskin, Temporomandibular Disorders. 2006
Marx, Oral and Maxillofacial Pathology. 2003
Mitchell, Oxford Handbook of Clinical Dentistry. 4th ed. 2005
O'Brien, Dental Materials and Their Selection. 3rd ed. 2002.
Okeson, Bell's Orofacial Pains, 6th ed. 2005.
Silverman, Essentials of Oral Medicine. 2002
Silverman, Oral Cancer. 5th ed. 2003
Soames, Oral Pathology. 4th ed. 2005
Welbury, Paediatric Dentistry. 3rd ed. 2005

Peterson, Peterson's Principles of Oral and Maxillofacial Surgery. 2nd ed. 2004
Quintessence of Dental Technology, v. 29, 2006

To link to the electronic version of one of the above titles, go to [Innopac](#) and search for either the title or author. [Remote access](#) requires a library barcode and PIN. When you link to one title in Stat!Ref, you can also view any of the other books in the collection. All titles are searchable.

Remote Access to Library Resources

The LSUHSC-NO libraries have established a system, Web Access Management, that allows patrons to access many library resources, including databases and electronic journals and books, from off-campus. Web Access Management (or WAM for short), requires you to log in at the beginning of each browser session when you click on one of the linked resources from our catalog or website.

Three items are necessary for you to log in to WAM:

- Name (first and last name as you registered in the library)
- Library barcode number (14 digit number on the back of your LSUHSC ID)
If you don't have a library barcode, please see us in the library in New Orleans or Baton Rouge so we can issue one to you. *This is not the barcode that you used to check out charts when the New Orleans campus was open.*
- PIN (you create this combination of up to 8 numbers or letters the first time you use WAM)

For remote access to databases, select the "Off Campus" link:

Libraries	
	PubMed
On Campus:	PubMed
Off Campus:	PubMed 

For journals, click on the link in the catalog record:

Ische and Dental Library Catalog	
<div>START OVER EXPORT MARC DISPLAY RETURN TO BROWSE ANOTHER SEARCH</div> <div>JOURNAL TITLE <input type="text" value="periodontal res"/> Limit to Ische/Dental Libraries <input type="button" value="Search"/></div>	
Record: Prev Next	
Title	Journal of periodontal research.
Publisher	Copenhagen : Munksgaard
Frequency	Eight no. per year
Descript	1,1966--
Click on the following to:	
1. Access this title from Synergy from February 2000. 	
2. Access this title from Ingenta Select (for Blackwell Publishing) for the current and previous year.	
Copyright Compliance.	

You will be taken to the WAM login screen:

Your patron borrower status must be verified before you can access this database.

Please type your name:

Please type your barcode number:

← Enter your name and
barcode

If you do not have a PIN Number, leave the input box blank and you will be prompted to enter a new PIN.

Reenter your name and barcode when you are prompted to enter the new PIN Number.

Please type your PIN number:

← First time users, leave
the PIN blank

Click on "Proceed to the Database." In the next WAM screen, retype your name and barcode, then create a PIN.

Your patron borrower status must be verified before you can access this database.

Please type your name:

Please type your barcode number:

← Re-enter your name
and barcode

If you do not have a PIN Number, leave the input box blank and you will be prompted to enter a new PIN.

Reenter your name and barcode when you are prompted to enter the new PIN Number.

Please enter your PIN

Enter Your PIN

Enter Your PIN Again

← Your PIN can be any
combination of
numbers or letters
and up to 8
characters long

The next screen will allow you access to resources just as if you were in the library in New Orleans!

The screenshot displays the Blackwell Synergy website. At the top, there is a navigation bar with links: Home, Browse, Search, My Synergy, Register, and Help. Below this, a login section prompts for Username and Password, with links for Athens Login, Login, Forgotten Password?, and Logout. The main content area is titled "CONS SCAMEL Louisiana State University Health Science Center LSUHSC New Orleans" and "Journal of PERIODONTAL RESEARCH". It features a "List of Issues" section with a "Go to:" dropdown menu set to "Sample Issue" and a "Go" button. Below this, there are links for "Sign-up for FREE email table of contents alerts", "Add this journal to your favorites", and "Atom | RSS (What is RSS?)". A green circle indicates "You have premium access rights to this content". On the right side, there is a search bar with a "Search" button and a "Further Search Options" section with links for Simple, Advanced, and Saved. Below the search bar, there is a "Quicklink" section with a dropdown menu set to "J Periodontal Res" and a "Go" button. At the bottom, there is a section for "Online early issue (Peer-reviewed full-text articles for future issues)" with a date selector set to "2006". Below the date selector, there are links for "August 2006 (Vol. 41 Issue 4 Page 235-360) Latest Issue" and "June 2006 (Vol. 41 Issue 3 Page 159-234)". On the far right, there are links to view the "most read articles" and "most cited articles" in the journal, and a link to visit the "Journal Homepage" for more information.

Some common error messages you might encounter:

- **Cannot locate patron record:** your record is no longer in the library database, your record has expired, or you are not eligible for WAM access.
- **Hourglass image:** the system is busy or your record may be blocked.
- **Invalid PIN:** You mistyped or misremembered your PIN. Contact the library to reset your PIN.
- **AOL** users cannot use the AOL browser with the WAM product; they are incompatible.

If you have any questions or forget your PIN, please contact the dental librarians:

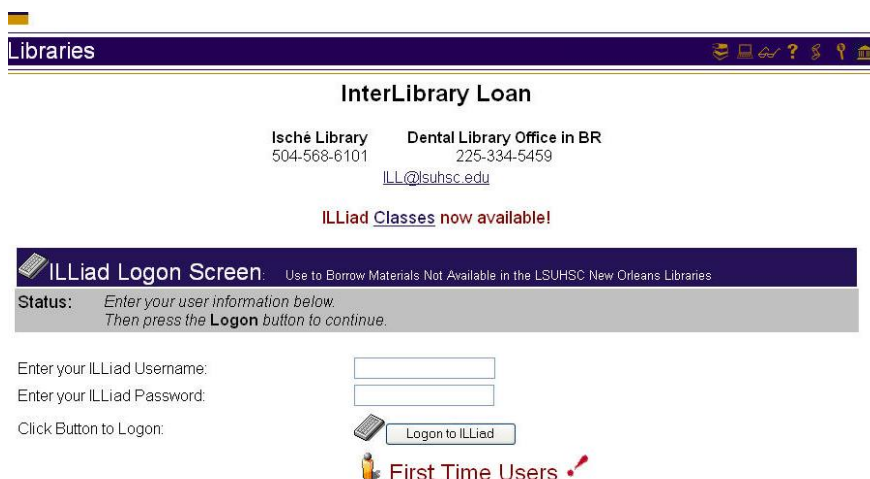

- (225) 334-5459, in Baton Rouge
- (504) 568-7698 or (504) 568-6104, in New Orleans

New Interlibrary Loan Service Now Available

The LSUHSC-NO libraries are pleased to offer a new automated system for obtaining journal articles and books from other libraries. This new system, called ILLiad, has distinct advantages over the previous system:

- You can electronically submit your own ILL requests anytime, day or night.
- There is no need for paper forms.
- With the one-time registration process, you no longer need to re-enter personal information for each request.
- You can check the progress of your requests on the Web at all times.

You must register to use ILLiad. Begin by clicking on the link on the [dental library homepage](#). Please read the policies on the page and then click on the "First Time Users" link.

The screenshot shows the ILLiad Logon Screen. At the top, there is a purple header bar with the word "Libraries" on the left and several small icons on the right. Below the header, the text "InterLibrary Loan" is centered. Underneath, contact information for the "Isché Library" (504-568-6101) and the "Dental Library Office in BR" (225-334-5459) is listed, along with the email "ILL@lsuhsc.edu". A red banner below this says "ILLiad Classes now available!". The main section of the screen has a purple background with the text "ILLiad Logon Screen. Use to Borrow Materials Not Available in the LSUHSC New Orleans Libraries". Below this, a status message reads: "Status: Enter your user information below. Then press the Logon button to continue." There are two input fields for "Enter your ILLiad Username:" and "Enter your ILLiad Password:". Below these fields is a button labeled "Logon to ILLiad". At the bottom, there is a link for "First Time Users" with a red arrow pointing to it.

This will direct you to a page with more information about the system. Click on "First Time Users Click Here." The next page will prompt you to enter your personal information, including your name, address, department, and delivery location. If you are on campus in Baton Rouge and choose the "Dental Circulation Desk," the dental librarians will deliver your materials to you on South Campus. When you are finished entering the required information, click on the "Submit Information" button at the bottom of the screen.

Status	Choose a Status ▼
Major Area/School *	▼
Authorized Users - List the full names of anyone you wish to be allowed to pick up your ILL items.	▼
Delivery Location *	Dental Circulation Desk ▼ 
Choose a Username * <small>LSUHSC UserID Preferred</small>	
Choose a Password * <small>(case sensitive)</small>	
Re-enter password * <small>(case sensitive)</small>	

Press button to Register with LSUHSC Library ILLiad.

You will then be directed to an account information screen. The default account is Cash but if you have a PeopleSoft departmental or grant account to which you would like to charge your interlibrary loans, you can enter it here. You may enter as many PeopleSoft accounts as you like. Most requests are free, but we must have this information on file in case there is a charge and you have agreed to accept an item if there is a fee.

Add Account

Account Number	
Account Type	
Description of Account	

Press button to submit and save changes to the new account.

You will be registered with ILLiad once you complete the Accounts screen and may now begin entering requests. The next time you have journal articles or books to order, you do not have to register again; just log in with your user ID and password and enter your requests. Note that you can enter only one request per screen.

The library will soon offer classes on registering for and using ILLiad. Please watch for announcements and attend one of these sessions!

Paperback Exchange Collection is Back!

The library on South Campus has a new collection of novels, mysteries, westerns, and thrillers. The collection keeps growing, so there is bound to be something for every reading taste. Please be sure to stop by Room 104 in the Preclinical Building to browse the collection and take home some books. They do not need to be checked out, so whenever the door is open, please come in and help yourself to some books for leisure-reading.
